Professional Certification

- **HTML:** I completed an HTML certification from “**Infosys**”, enhancing my proficiency in Web-Development fundamentals.
- **CSS:** I have expanded my skill set to include styling and producing dynamic web content by earning a CSS certification from “**Infosys**”.
- **Problem Solving (Basic):** I have improved my capacity to take on basic coding issues and come up with effective solutions by earning a Basic Problem-Solving certification from “**HackerRank**”.

Project

- **SATYUG:** Write now I am working on a project named as “Satyug – An Infrastructure of Modern Study”, it is an innovative educational platform aimed to revolutionizing modern study pattern. It empowers students, individual teachers, and institutions by providing access to a vast library of educational materials, personalized study roadmaps, and seamless communication. Satyug’s mission is to democratize access to quality education and foster a culture of continuous learning. Utilizing frontend and backend

technologies like HTML, CSS, JavaScript, Node.js, MongoDB and API. Satyug ensures security and scalability for an enhanced education experience.

- **Style Store:** Designed and developed 'Style Store,' an e-commerce website catering to clothing and merchandise, utilizing HTML, CSS, and backend technologies. This project showcases my proficiency in front-end and back-end development, as well as my ability to create engaging and functional online platforms.
